

## Color Copy

Color Copy has been the Top Colour Laser for the last 15 years on the markets and its perfect whiteness, special surface finish for brilliant colour reproduction, high light fastness and precision smoothness are still impressive, as is its controlled conductivity for premium print quality. Add to these good running properties on even the most high-performance machines, combined with minimal dusting.

- Ideal Whiteness for digital colour printing.
- Special surface treatment for brilliant colour reproduction.
- Smooth colour transfer and even colour distribution.
- Excellent paper formation for perfectly even toner transfer.
- Perfect smoothness and conductivity for high quality printing.
- High light fastness.

### TECHNICAL SPECIFICATION

Parameters	Standard	90 gsm	100 gsm	120 gsm	160 gsm	200 gsm	220 gsm	250 gsm
